

BARTEC

BARTEC ET60/65^{EX2}

Android Tablet for Zone 2 and Div. 2
hazardous areas

**The most versatile tablet for Zone 2 and
Div. 2 hazardous areas**

What sets the **BARTEC** **ET60/65^{EX2}** Android tablet apart from the rest?

BARTEC

Rugged design optimized for Zone 2/Div. 2 hazardous areas and able to survive more real-world tests in its class

A fast Qualcomm® processor with AI and ML capabilities, enabling the apps of today and tomorrow

A super bright 1,000 nit 10 in. display that's easy to read in bright sunlight and dim warehouse aisles

Industry leading data capture options including the SE55 advanced range scanner and OCR² software for the rear camera to automatically capture container numbers and more

Fast, future-proof wireless connectivity with Wi-Fi 6E, and optional support for public and private 5G networks¹

Full-shift battery power and Super Capacitor for hot swap support

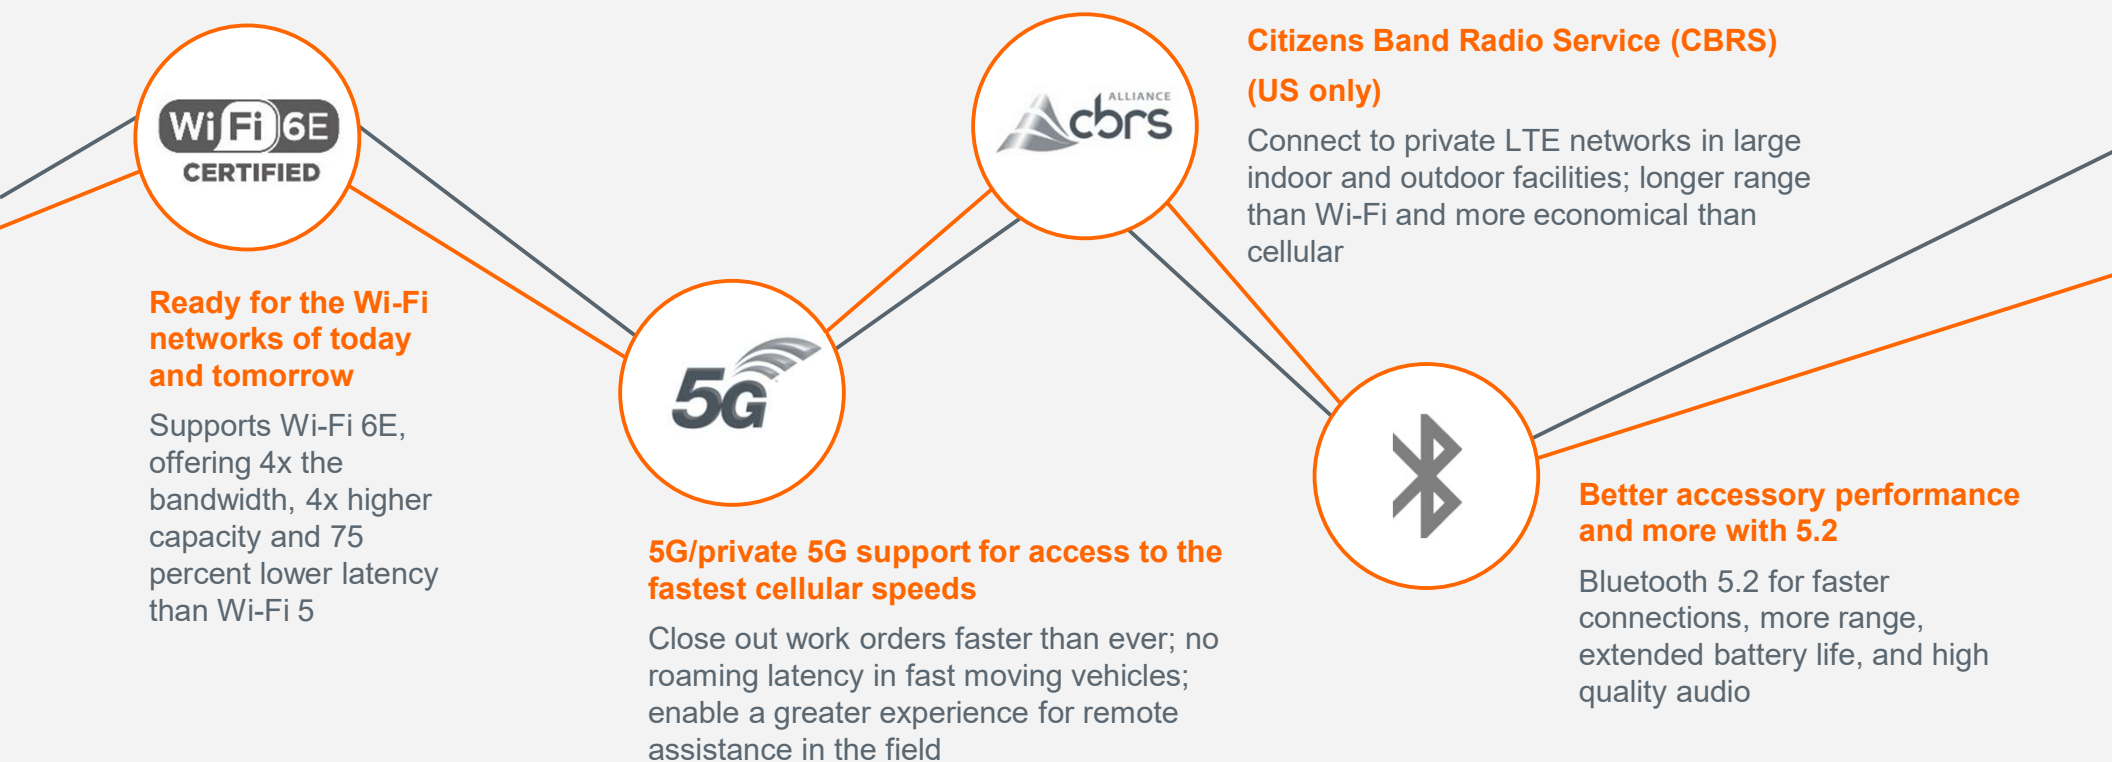

Powerful Zebra-only Mobility DNA tools drive workforce productivity and device value to a new level

Versatile configurations and accessories to cover a wide range of use cases

1. 5G connectivity available with ET65^{EX2} models only

2. OCR stands for Optical Character Recognition, a technology that recognizes text in a digital image. This feature requires OCR Wedge, a license-based software application from Zebra.

All the fastest wireless connections keeps workers productive wherever they are...

Rugged design, optimized for hazardous area

Designed to handle practically anything

- Extreme temperatures*
- Thermal shock
- 5 ft/1.5 m drops to concrete
- Blowing sand and dust
- Wind driven rain
- Hose-downs
- Heavy exposure to sunlight
- Salty fog
- Vehicle vibrations
- Electrostatic discharge

Put
through more
real-world
tests than any
other tablet in
its class

*From -20°C to +55°C

BARTEC

BARTEC ET60/65^{EX2} Android Tablet overview

BARTEC ET60/65^{EX2} Android Tablet Technical Specifications

BARTEC

Physical characteristics

- Dimensions: 275 x 199 x 18.3mm (WxLxH)
- Weight: 1,074g

Shorter turn-around times and pre-defined total cost of ownership with our service level agreement

BARTEC

Service level offering for Europe, Middle East, Africa and Asia-Pacific

Coverage	Manufacturer Warranty	1-year Manufacturer Warranty Extension	Service level agreement
Duration	1 year	2 years	3 years
Manufacturer defects	●	●	●
LifeGuard for Android updates			●
Inspection fee			●
Product receipt / dispatch confirmation	●	●	●
Replacement of components and labor costs			●
Normal wear and tear			●
Accidental damage			●
Return shipment	●	●	●
Repair turnaround	15 days	15 days	5 days

Notes:

- The manufacturer warranty for battery and accessories is limited to 6 months.
- Manufacturer warranty and SLA coverage starts from the transfer of risk of the product from BARTEC to the customer.
- Exclusions apply for the SLA. Check our SLA terms and conditions.
- "Turn-around time" is BARTEC's in-house *target* repair time and excludes shipping time to and from the service center. For devices not covered by an SLA, turn-around time starts after the customer has approved our repair proposal.
- Our service center in the US has a different SLA offer. Reach out to Bartec US, our commercial office in Houston, TX, for pricing information.

LifeGuard™ for Android™

Available with a BARTEC service contract

Timely updates

Get timely OS updates and security patches throughout the life of your tablet

Migration support

A full year to migrate when a new version of Android is released

Manual control*

Download the update file you need from our [EM Support Portal](#) and use Zebra StageNow to manually update your tablet*
